
REACTIVATION OF CONTRACT – Information and Application Form

1. What does „reactivation“ mean?

- ➔ A reactivation of a policy means the re-establishment its former status after it has been altered in some way (the contract was cancelled or changed into an insurance free of premium).

Provisions for products with guaranteed interest and annual premium payment:

2. When is a reactivation possible? – General provisions

- ➔ A reactivation of premium free contracts is basically possible if since date of change a maximum period of 5 years has passed. The date of change is the point of reference, it is allowed to be in the past 5 years maximum.
- ➔ Contracts which were cancelled after the first year (cancellation date starting from February 2022 or later) can also be reactivated within 5 years. The date of cancellation is the point of reference, Contracts which were cancelled before February 2022 can just be reactivated within 2 years.
- ➔ In case of a reactivation the new premium is of same amount as the latest premium or a reduced premium can be chosen. Please inform us on your intention via form on last page of this document.
- ➔ In case of a reactivation later than one year after due date we need a recent filled-in health declaration, cf. form as enclosed below.
- ➔ For contracts with remaining term of less than 5 years until the end of contract: reactivation is **ONLY** allowed **WITHIN** 6 months since due date. After expiry of this deadline **NO** reactivation will be possible. Calculation method: Reactivation date plus 5 years is **NOT** allowed to be beyond expiry date.
- ➔ In case of a total payment of minimum USD/EUR 30000 please fill in and enclose a recent Financial Risk form. Medlife reserves the right to request further documents on the origin of the funds.
- ➔ Regarding further rules for reactivation there is distinction between contracts that started before 1.1.2017 and those which started 1.1.2017 and after. The starting date of your contract you can see on the first page of your policy.

3. What applies especially to contracts which started 1.1.2017 and after?

- ➔ A reactivation of contract within one year since due date is possible without any further costs. The corresponding deadline for the year period is the date of premium receipt on the accounts of insurance company.
- ➔ A reactivation of contract after the period of one year since due date leads to necessity of interest on delay amounting to 3% of the total payment amount (=all outstanding premiums), which needs to be paid together with premium due. Without payment of interest on delay and the premiums due no reactivation will be made. Please consider the bank charges and make sure that the full amount of this additional payment reaches your policy.
- ➔ A signed reactivation form is not to be sent compulsory to Medlife if the premium and probable interest on delay have been paid in full amount. In case if reduced annual premium Medlife needs the exact information about the chosen new annual premium, for this case please fill in the form as enclosed on last page of this document and enclose an up-to-date color copy of passport of the policyholder.

- ➔ Medlife reserves the right to claim any additional amounts that may arise from reactivation of contract.

4. What applies especially to contracts which started before 1.1.2017?

- ➔ Within 12 months of alteration date all contracts are allowed to be re-established without any interest on delay or other costs. The corresponding deadline for the 12 month period is the date of premium receipt on the accounts of insurance company.
- ➔ A reactivation of contract AFTER the period of 12 months after due date leads to necessity of interest on delay amounting to 3% of the total payment amount (=all outstanding premiums), which needs to be paid together with premium due. Without payment of interest on delay and the premiums due no reactivation will be made. Please consider the bank charges and make sure that the full amount of this additional payment reaches your policy.
- ➔ The reactivation AFTER the period of 12 months is executed using the tool of a contract conversion: The old contract is replaced by a new contract with up-to-date interest and new policy number.
- ➔ Following the new beginning a new entry age and a new insured amount will be calculated.
- ➔ A change of rate is not allowed following the conversion, e.g. an EIP can be converted to EIP, KIP to KIP, not allowed for example is a conversion EIP to G5S.
- ➔ A proposal for reactivation must be made in written form and be signed by the policyholder, please use the document at the end of this form and do enclose a colour copy of your passport.
- ➔ Medlife reserves the right to claim any additional amounts that may arise from reactivation of contract.

5. What are the further features of contract conversion?

- ➔ As for the new contract all outstanding premiums (probably reduced premiums) must be paid which are due starting with date of conversion (=date of premium free of old contract).
- ➔ All Premiums of new contract which are due at the date of execution of the conversion must be paid also.
- ➔ The ending date of the new contract corresponds to the ending date of old contract.
- ➔ The starting date of the new contract corresponds the premium free date of the old contract.
- ➔ The old contract becomes void with the date of conversion and will be replaced by the new contract.
- ➔ Probable premium credits or debits will be transferred from old to new contract.

6. Is it possible to reactivate a policy WITHOUT subsequent payment of the premiums that have been left out?

- ➔ No, all premiums must be paid immediately, a reactivation is done after receipt of all corresponding premiums. In case of reduction of annual premium the sum of all reduced annual premiums.

7. Will a reactivation of my contract lead to an extension of the policy period?

- ➔ No, the former contract will be entirely re-established, i.e. the policy period remains unchanged also.
- ➔ In case of contract conversion the expiry date remains identical with the expiry date of old contract.

8. Can I skip years on my contract and reactivate in this manner?

- ➔ A reactivation can only be carried out without any gaps, an omission of years is not allowed.

Provisions for unit-linked products with annual premium payment:

9. How to reactivate unit-linked contracts?

- ➔ Unit-linked contracts are connected with physical buying of fund units depending on the equivalent investment premium amount.
- ➔ If the premiums are being paid later than due date the fund units can just be bought later too, at the earliest following the beginning of the month in which the reactivation has been executed. The unit price corresponds to the unit price on the first working day of the future month when the units have been bought. Please strongly consider and be aware: The later the units are bought the less years until expiry of contract remain for proper unit price development.
- ➔ As for reactivation of a unit-linked contract a fee of USD/EUR 15 will be charged – the payment of this fee together with due premium(s) is precondition for reactivation. There are no further reactivation fees or costs for unit-linked contracts.
- ➔ **Furthermore, all regulations of points 2) as mentioned above on first page as well as points 6), 7) and 8) are also to be applied for reactivation of unit-linked contracts.**

Advantages for all annual contracts:

10. What are the advantages of reactivation?

- ➔ If a client hasn't been able to pay his insurance premiums over a certain period of time, by reactivation of his policy he may re-establish the original state of his/her contract.
- ➔ By full reactivation of the contract, any losses that have been suffered due to a prior premium reduction or an alteration into a premium-free contract, will be compensated.
- ➔ In the case of a reactivation by subsequent payment of all left out premiums, full insurance cover at the amount of the original sum insured is granted from the day of reactivation of the contract.

Application for reactivation of contract

Policy No:
 Starting date of policy: 01 / __ / 20_
 Policyholder:.....
 Date of birth:..... Fathers name of policyholder:.....
 Address:.....
 Street.....house.....apartment.....
 Country/ZIP/City.....
 Policyholder's email address:@.....
 Tax Number of Policyholder:.....
 Tax Residence of Policyholder (country):.....Tel-No:.....

Present status of policy: O cancelled O premium-free
 Since: 01 / __ / 20_

I declare my intention to reactivate the above mentioned policy.

I agree to the conditions as stated in detail in infosheet above, a reactivation can only be done after receipt of all agreed premiums and probable fees.

I choose one of the following options:

- ☐ **My contract with guaranteed interest started on 1.1.2017 or later** – I want to reactivate the latest status of premium payment (=last upright annual premium of contract before premium-free/cancellation), paying all premiums since premium-free/cancellation.
 If the date of premium-free/cancellation is over one year the insurer will inform me on probable necessary payment of interest on delay.
 My annual premium shall be USD/EUR.....(maximum premium is the last active premium of contract)
- ☐ **My contract with guaranteed interest started earlier than 1.1.2017** – I want a conversion of my contract according to regulations described in points 4, 5 and 6 of the Infosheet above
 My annual premium shall be USD/EUR.....(maximum premium is the last active premium of old contract)
- ☐ **My unit-linked contract** shall be reactivated
 My annual premium shall be USD/EUR.....(maximum annual premium USD/EUR 10000, minimum USD/EUR 1500) starting with.....(DD/MM/YYYY)
 A reactivation fee of USD/EUR 15 will be charged.
- ☐ Having learned the options of reactivation as above I changed my mind and do not want to reactivate my policy, please re-transfer the already paid reactivation amount of USD/EUR..... to my personal bank account as follows:

The amount shall be remitted to the following bank account:

Name of the bank: _____
 Address of the bank: _____
 Account number: _____
 SWIFT: _____
 Name of the acct. holder: _____
 Address of the acct. holder: _____

Date
